

Surrey Police and their "Hillsborough"

Thursday, 21 September 2017

Only one of the many equivalent examinations into events indicating that Surrey Police are Not Fit For Purpose.

They haven't even really started on Milly Dowler and especially Amelie Delagrangé, Marsha McDonnell, Kate Sheedy and the others - or Breck Bednar - or Kevin Hurley... but then, as Hillsborough has taken about 30 years so far and Deepcut celebrates almost 20 years, let's not hold our breath.

'Sean's medical and mental health records were not obtained and no evidence was sought or given about his experiences at Deepcut. The coroner recorded a verdict of suicide. As with the other Deepcut deaths, a criminal investigation carried out by Surrey Police in 2002 and 2003 concluded there was no evidence of third-party involvement.'

Just to remind you Sean "killed himself" by firing 5 bullets into his chest. A very determined suicide indeed (or a lousy shot). Not. Geoff Gray died with two bullets to his head.

I don't know about you, but I'd be pretty incapable of continuing after nicking my finger, let alone taking a bullet.
